

The recommended healthcare

INFECTION CONTROL ACTIONS

for COVID-19 **STILL WORK FOR DELTA**

**THE DELTA VARIANT
STILL SPREADS
BY RESPIRATORY
DROPLETS,
VERY LARGE TO VERY SMALL.**

**MASKS
STILL
BLOCK
THESE
DROPLETS.**

When used correctly,
**N95 RESPIRATORS
STILL FILTER**

respiratory
droplets
as air is
breathed
**IN &
OUT.**

**WEARING MASKS &
N95 RESPIRATORS
IN HEALTHCARE FACILITIES**

**WILL STILL
PROTECT
YOU,**

*your patients, &
your coworkers
from the spread
of COVID-19,
including the
Delta variant.*
